

## After Admission

**Website of the Master of Science (M.Sc.) Telecommunication Engineering (TE)**

**Universidad de Jaén – Linares School of Engineering**

### **AFTER ADMISSION**

Tuition fees:

The public prices per ECTS credit are established by the Andalusian Government every academic year.

This master leads to the regulated profession of Telecommunication Engineer, protected by the Spanish law, so these studies could be partially funded by the Andalusian government.

Cost of living:

To have an idea of the cost of living here in Spain visit

[http://www.numbeo.com/cost-of-living/country\\_result.jsp?country=Spain](http://www.numbeo.com/cost-of-living/country_result.jsp?country=Spain)

When applying for a visa you need to prove that you have enough money per month available to you (please check the exact amount with the Spanish Consulate nearest to you). This amount gives you an idea of the average level of expenses. This amount may vary according to individual budgeting.

Jaen province is a place with a reduced cost of living in relation to Spanish standard. We consider that a student can spend less than EUR 600/month, for example, renting a room costs approx. EUR 200/month.

### **Support and services**

In order to help you to help you plan your stay and settle quickly we propose to help you in the following areas:

- Booking of a room.
- Providing support for the opening a bank account.
- Supporting you regarding all official papers (e.g. Settlement Permit, Health Insurance, Enrolment).
- Buddy program.
- Spanish courses.
- Organizing and coordinating sport facilities, social events and excursions.
